§ 29. **In What Case City May Purchase.**—SEC. 88. CHAPTER VIII.

§ 34. Notice of Intention to Improve.—SEC. 93. The city council whenever it deems it expedient to establish or alter the grade of any street or alley of the city, or to make any improvement thereof, as authorized by sections five, six, seven, eight, nine and ten of this act, shall cause a survey, diagram and estimate of the cost thereof to be made by the city surveyor; and the said survey, diagram and estimate shall be filed in the office of the city clerk for the inspection of all persons interested therein, and a notice of the intention to grade, pave or otherwise improve said street or alley, and the filing of such survey, diagram and estimate shall be given by two weekly publications in the newspaper doing the city printing. Such notice must specify the street or part thereof to be improved, or of which the grade is to be altered, and the kind of improvement proposed to be made.

§ 35. Effect of Remonstrance.—SEC. 94. If within ten days from the final publication of such notice two-thirds in number of the persons owning property on said street or alley, and representing one-half of the property on said street or alley, shall file with the city clerk a remonstrance against said improvements, grade or alteration, the same shall not be further proceeded with unless two-thirds of the council shall vote therefor.

§ 36. Effect of Failure to Remonstrate.—SEC. 95. If no such remonstrance be made and filed, as in the last section provided, the council, at its earliest convenience thereafter, and within four months from the publication of such notice, may establish the proposed grade and proceed to make the proposed improvements.

§ 37. Appraisement and Assessment of Abutting Property.—SEC. 96. In all cases when the council shall by ordinance order the improvement of any street or alley by the construction of sidewalks or graveling said streets or alleys, and the owner or owners of the property adjacent thereto neglect or refuse to comply with said ordinance within the time fixed by said ordinance, and the cost thereof has been duly estimated as herein provided, the council shall, before proceeding with the execution of the work, cause an appraisement of the lots and land abutting on said street adjacent to said improvements and assessable for the costs thereof as follows: An assessor shall be appointed by the council and sworn to appraise all lots and parts of lots and lands, irrespective of the improvements or structures thereon, and the whole cost of said planking or graveling shall be assessed *pro rata* on said lots or parts thereof and lands as aforesaid, according to the assessed value thereof, which apportionment shall be made by the city council by ordinance, and a tabulated statement thereof shall be made out by the city clerk and filed in his office for the information of all persons concerned, and a notice thereof published in the newspaper doing the city printing for two weeks. Such statement shall show the name of the owner of each lot, if known; the

number and frontage of each lot, part of a lot or other land; the number of the block, if numbered, and the value of such lots, parts of lots and other land, respectively.

* * * * *

§ 38. **Lien of Taxes for Improvements—How Acquired and Released.**—SEC. 98. When the tabulated statement, as provided in section 96, has been approved by the council, the same shall be recorded in the office of the county auditor of the county of Thurston, in the records of liens on real property, and shall be and remain a lien on the lots, parts of lots and lands described therein for the several sums assessed thereon, respectively, and as fast as the said several assessments are paid the city clerk is authorized and required to enter on said county record of said liens a release thereof, which shall be made in the margin of said record, opposite the lot or land so released, and the same shall be thereafter discharged from said lien.

§ 39. **Collection of Such Taxes.**—SEC. 99. When the city council shall have duly approved of said assessment and apportioned the cost of the improvement, they shall by ordinance establish the same, and require the payment of said assessment within ten days from the approval thereof, and shall give notice in the newspaper doing the city printing that said assessment is due and payable to the city treasurer. The clerk shall furthermore make out and deliver to the treasurer a copy of said appraisal and assessment, who shall proceed to collect in the same manner as other city taxes, except as is herein otherwise provided.

§ 40. **Warrant for Collection.**—SEC. 100. If, within ten days after the publication of said last named notice, the sum assessed upon any lot, part of lot or other land is not paid to the treasurer, the city council may at any time thereafter order a warrant for the collection of the same, to be issued by the city clerk, directed to the city marshal.

§ 41. **What Warrant Must Require.**—SEC. 101. Such warrant must require the city marshal to forthwith levy upon the lot, part of lot or other land upon which the assessment is unpaid, and sell the same in the manner provided by law for the sale of real estate for delinquent taxes, and return the proceeds of such sale, less his fees, to the city treasurer and the warrant to the county auditor, with his doings endorsed thereon, together with the receipt of the city treasurer for the proceeds of such sale.

§ 42. **Tax Deed: Limitation of Redemption.**—SEC. 102. The person executing such warrant shall immediately make a certificate of purchase for the property sold to the purchaser, stating therein that the same is made subject to redemption as hereinafter provided. Within three years from the date of sale the owner or his successor in interest or any person having a lien by judgment, decree or mortgage on the property, or any part thereof, separately sold, may redeem the same upon the terms and conditions provided in the next section.

§ 43. **Manner of Redemption.**—SEC. 103. Redemption is made by the payment of the purchase money and twenty-five per cent. additional, together with the interest upon the purchase money from the date of the sale to the time of payment, at legal rate, and the amount of any tax which the purchaser may have paid upon the property, together with interest upon such taxes at the legal rate.

§ 44. **Effect of Redemption.**—SEC. 104. A redemption discharges the property from the effects of the sale, and from the assessment. If made by the owner or his successor in interest, the estate in the property is thereby restored to such owner or successor in interest; but if made by a lien holder, the amount so paid shall form part of his lien and bear the same rate of interest.

§ 45. **Effect of Sale.**—SEC. 105. A sale of real property under the provisions of this chapter, conveys to the purchaser (subject to redemption)

all the estate or interest therein of the owner, whether known or unknown: *Provided*, That all proceedings therein shall be governed by the provisions of the Code of Washington concerning the sale of real estate and transfer of title for delinquent taxes.

§ 46. **Fees, etc., to be Collected From Property Assessed.**—SEC. 106. The fees and percentage to be allowed to the person for making the sale of property for delinquent assessments for street improvements, as provided in this chapter, shall be fixed by the council by ordinance, and shall be added to and form a part of such assessment from the time the same becomes delinquent, and shall be collected from the property assessed in the manner as the original assessment, and in no instance shall the city be liable for such percentage, costs or fees.

§ 47. **If Sum Assessed, Insufficient to Pay Cost, Deficiency Shall be Added.**—SEC. 108. If, upon the completion of any improvement of any street or alley it is found that the sum assessed therefor is insufficient to defray the cost thereof, the city council must ascertain the deficiency and declare the same by ordinance; and when so declared the city clerk shall give notice thereof, and such deficiency shall be added to the original assessment and collected in the same manner; and when such assessment shall be in excess of the sum required for said improvement, the same shall be repaid to the parties owning the property or their representatives.

§ 48. **Assessment Districts.**—SEC. 109. For the purpose of making the appraisement, specified in section 96 of this chapter, the city council may establish assessment districts, consisting of the whole of any street or streets, or parts thereof, benefited by said improvements.

§ 49. **What Tax Deed Shall State.**—SEC. 111. The deed to the purchaser must express the true consideration therefor and the return of the person executing the warrant must specify the amount for which the lot was sold and the name of the purchaser.

§ 50. **Petition for Improvement.**—SEC. 112. No street, alley or highway shall be extended, widened, altered or vacated except on petition to the common council, signed by a majority of the resident owners of real estate within the ward or wards, in or through which such street, alley or highway is proposed to be extended, widened or vacated, or unless at a regular meeting of the council, all the members being present, at least four members vote in favor of the same.

§ 51. **Appraisement and Settlement of Damages for Establishing Grade of Streets.**—SEC. 113. When the grade of any street, highway or alley shall have been established by authority of the city of Olympia, and any person or persons shall have built or made improvements on such street, highway or alley, and the city shall afterwards change the established grade, or shall change the boundary lines of any block, street, highway or alley in such manner as to injure or diminish the value of the property which shall have been improved, the city shall pay to the owner or owners of the property so injured the amount of such damage, and when the parties injured are unable to agree with the city council as to the amount so to be paid, the same shall be assessed by three persons, one of whom shall be appointed by the mayor, one by the owner or owners of the property and one by the two so appointed, or in case of their disagreement, by the city council; said appraisers shall be sworn to faithfully execute their duties, according to the best of their ability. They shall view the premises and receive any legal evidence and may adjourn from day to day, but shall make their report within thirty days from the time of their appointment. They shall assess the damages sustained over and above the additional value of the property by reason of the change

or improvements. They shall sign their report and deliver the same to the clerk of the district court of the county or district embracing the city, and if no objection is made thereto, in the manner hereinafter prescribed, within twenty days thereafter, the assessment shall be final and the city shall pay the amount so assessed, and upon filing a precept therefor, the party entitled may have a judgment entered therefor. If the damage so assessed be excessive or insufficient, the clerk of the court shall, upon the filing of a written precept therefor by the city or any person aggrieved within said twenty days, enter the case upon the trial docket for the term of the said district court. The party claiming damages shall be the plaintiff and the city shall be the defendant. The usual pleading in a civil action may be filed and such special pleadings as the court may allow, and the issues thus formed shall be tried as other civil actions. The costs shall be taxed against the city only when the judgment is for a larger amount than was awarded by the appraisers, or the same has been tried at the instance of the city for the purpose of reducing the amount of damages and the damages were not so reduced, otherwise the costs shall be taxed against the party claiming damages.

§ 52. Appraisement and Settlement of Damages for Appropriation of Private Property.—SEC. 114. When private property shall have been condemned and the compensation to be paid therefor shall be made a charge upon the property benefited thereby, as provided in section ten of this act, the assessment upon the various lots or parcels of land so charged and the appraisement of damages to be paid to the owner of the property condemned shall be made by three persons, one of whom shall be appointed by the mayor, one by the owner or owners of property subject to assessment, and one by the owner or owners of property condemned or damaged, or if either or both said classes of property owners fail or refuse to make such appointment after ten days' notice so to do, which notice shall be given in the manner prescribed in the ordinance providing for such condemnation of property, either or both such appointments shall be made by the city council. The persons so appointed shall be sworn; shall proceed in making the assessments, and shall report within the time and in the manner prescribed for appraisers in the preceding section. Their award shall be final unless objection is made within twenty days from the time of the return thereof to the clerk of the district court. Any party aggrieved by the award may, upon filing a receipt therefor, have the case docketed for trial at the next term of the court. When the issue in such case is between an owner of property condemned or damaged and the city, such party shall be plaintiff and the city defendant; and when the issue to be tried relates to excessive or unfair assessments upon property, the city shall be plaintiff and the owner of the property defendant. The issue shall be made up, the case tried and determined, and costs taxed as provided in the preceding section: *Provided*, That all costs taxed against the city and all costs of the appraisements and other proceedings under this section, shall be added to the gross amount to be raised by assessment and collected from the several property holders in the same proportion as said gross amount, and said assessments and costs shall be a lien upon the property therewith charged.

§ 53. Manner of Appropriation in Other Cases.—SEC. 115. In all other cases where private property is condemned or taken for public use by authority of this act, the city shall pay a fair compensation therefor to the owners of such property, and when such owners and the city council are unable to agree as to the amount of such compensation, the same shall be assessed and determined in the manner provided by the general laws of the Territory relating to the mode of proceeding to appropriate lands by private corporations.^a

The persons so appointed shall be sworn; shall proceed in making the assessment, and shall report within the time and in the manner prescribed for appraisements in the preceding section. Their award shall be final unless objection is made within twenty days from the time of the return thereof to the clerk of the district court. Any party aggrieved by the award may, upon filing a precept therefor, have the case docketed for trial at the next term of the court. When the issue in such case is between an owner of property condemned or damaged and the city, such party shall be plaintiff and the city defendant; and when the issue to be tried relates to excessive or unfair

§ 58. **Contracts Payable Only From Assessments.**—46. All persons taking any contracts with the city and who agree to be paid from special assessments, shall have no claim or lien upon the city in any event, except from the collections of the special assessment made for the work contracted for.

Upon the filing of the petition a summons shall be issued, served and returned as in other suits in such court; upon the return of such summons, duly served, the court shall forthwith proceed to the hearing of said petition without formal pleadings, and may render judgment for all or any part of the special assessments, as the right and justice of the case may require. The original or a certified copy (by the clerk, under the corporate seal), of such warrant or warrants, and list or lists or so much thereof as refers to the special assessments sought to be recovered, shall be *prima facie* evidence of the right of said collector to a judgment in favor of such corporation. Execution shall issue on such judgment as in other cases, but such execution may be first levied upon and collected from any personal property of the defendant; or the court, in which such proceedings were had, may, upon complaint of the city, issue a *scire facias* against the person or persons liable for such payments to show cause why execution should not issue against him or them for the amount of such assessment; and if, upon the return of such *scire facias*, good cause is not shown why execution should not issue, the court may award execution against such person or persons in the usual form of execution upon judgment at law.

§ 8. **Special Powers.**—SEC. 34. The city government of New Tacoma, within its incorporated limits, has power and authority—(1) To assess, levy and collect taxes for general municipal purposes, not to exceed one-half of one per centum per annum, upon all property, both real and personal, within the city which is by law taxable for Territorial and county purposes. (2) To make regulations for prevention of accidents by fire; to organize and establish a fire department; ordain rules of government of the same; to provide for engines and other apparatus, and a sufficient supply of water. The city shall have entire control of all such buildings and all lands purchased or condemned under the provisions of this subdivision, and of all streets, highways, squares and other public grounds within its limits established or appropriated to public use by authority of law, or which have been or may be hereafter dedicated to public use by any person or persons; and has power, in case such lands are deemed unsuitable or insufficient for the purposes intended, to dispose of and convey the same, and conveyances of such property, executed in the manner that may be prescribed by ordinance, shall be held to extinguish all rights and claims of said city or the public existing prior to such conveyance. But when such lands are so disposed of and conveyed, enough thereof shall be reserved for streets to accommodate adjoining property owners. (4) To provide for the lighting of the streets and furnishing the city with gas or lights, and for the erection or construction of such works as may be necessary or convenient therefor. (6) To construct and repair sidewalks, and to curb, pave, grade, macadamize and gutter any street, highway or alley therein at the cost and expense of the owners of the lots and parcels of land fronting on such street, highway or alley. But unless the owners of more than one-half of the property fronting upon the proposed improvements upon such street, highway or alley shall have petitioned the council to make the same, such improvement shall not be made. (7) To cause any lot of land within its limits on which water at any time becomes stagnant, to be drained or filled up; and to cause any vault within the city to be cleaned when necessary; and in case of failure or refusal of the owner of any such property to comply with the requirements of any ordinance or resolution of the city council with reference to such matters, after such notice as in such ordinance or resolution may be prescribed, the work necessary may be done by the city at the expense of the owner, and the amount collected by action in the name of the city, in any

Such charge may be collected by civil action in the name of the city. In such proceedings it shall be sufficient to declare generally for work and labor done and materials furnished on the particular lot, parcel of land, street, highway or alley. If the court trying the same shall be satisfied that the work has been done or the material furnished, which, according to the true intent and meaning of this act, would be properly chargeable to the owner of the lot of land through or by which the street, highway or alley improved or repaired may pass, judgment shall be rendered for the value of the work or materials performed or furnished on such lot of land, notwithstanding any informality or defects in the proceedings of the officers of the city. In such actions the city shall be entitled to recover, in addition to the amount, interest thereon at ten per cent. per annum from the time said work was done or materials furnished, together with five per cent. per annum to defray the expenses of collection, which shall be included in the judgment rendered. The collector must add to said list the names of all persons found within the city liable to pay such road poll tax who shall fail to produce a receipt for the payment of a road poll tax for the current year, and shall demand the amount due for each person named upon the list. If the person on demand refuses to pay said tax, it shall be lawful to distrain upon his personal property not exempt from execution, and sell the same in the manner provided by law for constable's sales of property on execution; or it shall be lawful for the collector to give the opportunity to such delinquent to work out said tax and costs by work upon the streets.

§ 15. **Warrant for Collection of Such Taxes.**—SEC. 66. The warrant issued by the clerk for the collection of delinquent road poll taxes shall be deemed an execution against personal property, and shall have the force and effect thereof against any property not exempt from execution. § 16. **Collection Notice.**—SEC. 68. On or before the fifteenth day of June, if before that time the city assessment has been filed and the municipal tax levy made by the common council, or if not then as soon thereafter as practicable, the city clerk shall place in the hands of the treasurer a correct transcript from the city assessment, excluding therefrom the road poll tax column, and the names of such persons as are only liable to road poll tax; which transcript shall be called "city tax transcript," and shall contain the municipal, road property and bridge tax levied within the city limits. The clerk shall annex thereto a warrant directing said treasurer to collect said taxes named therein. Said treas-

urer shall forthwith give public notice by three weekly insertions in the newspaper doing the city printing that said tax transcript is in his hands, that the taxes are payable, and the date at which interest accrues if they remain unpaid.

§ 17. When Taxes Payable.—SEC. 69. The council must provide by ordinance within what time all municipal taxes, whether general or special, may be paid to the treasurer; and all taxes not paid to the treasurer within such time thereafter draw interest at ten per centum per annum until paid.

§ 18. Warrant for Collection of Delinquent Taxes.—SEC. 70. The treasurer, after the 31st day of December of each year, shall return such city tax transcript to the city clerk, distinguishing thereon the taxes paid and those unpaid. The clerk shall thereupon issue and annex thereto a warrant directed to the county treasurer or collector of delinquent county and Territorial taxes, authorizing the collection of delinquent taxes upon such roll, in the manner provided by law for the collection of delinquent Territorial and county taxes, and thereafter all proceedings for the collection of such delinquent taxes shall be as regulated and prescribed in the laws of the Territory relating to the collection of delinquent taxes.

All municipal taxes heretofore levied by the city of New Tacoma and remaining unpaid when this charter shall go into effect, shall be collected as provided in said charter, or the ordinances passed levying the same, and when paid shall be applied to the liquidation of the outstanding debt of the late city of New Tacoma. All municipal taxes levied by the late corporation known as Tacoma city, and remaining unpaid when this charter goes into effect, shall be collected as provided by the charter of said Tacoma city, and when collected shall be paid into the school fund of West Tacoma.

CHAPTER XI.

§ 21. Notice of Intention to Improve, etc.: Substance and Manner of.—SEC. 73. Whenever in the judgment of the common council it shall become necessary or expedient to open any street, to establish or alter the grade of any street or alley of the city, or to make any improvements thereof, as authorized by subdivisions five (5) and eight (8) of section forty-one (41), the common council may cause a survey, diagram and estimate of the cost thereof to be made by the city surveyor, and the said survey, diagram and estimate shall be filed in the office of the city clerk for the inspection of all persons interested therein, and a notice of the filing of such survey, diagram and estimate shall be published weekly for two successive weeks in the paper doing the city printing. Such notice must specify the street or part thereof to be improved, and the kind of improvements proposed to be made, together with the cost and expense thereof, and that if sufficient remonstrance be not made before the expiration of ten days after date of last publication, said improvement will be made at expense of owners of property fronting upon the proposed improvement.

§ 22. Effect of Remonstrance.—SEC. 74. If within ten days from the final publication the persons owning one-half or more of the property fronting upon said proposed improvement shall file with the city clerk a remonstrance against said improvement, grade or alteration, the same shall not be made at the expense of the owners of property fronting upon said proposed improvement.

§ 23. Effect of Failure to Remonstrate.—SEC. 75. If no such remonstrance be made and filed as provided in the last section, the owners of lots fronting upon such street or alley, or portion thereof proposed to be improved, shall be deemed to have consented to the making of said improvement, and the council, at its earliest convenience thereafter, and within six months from the publication of such notice, may establish the proposed grade or make the proposed improvement, at the cost and expense of the owners of the lots and parcels of land fronting upon the proposed grade or improvement of such street, highway or alley.

§ 24. Assessment of Abutting Property—Lien and Collection of.—SEC. 76. Upon the completion of any of the improvements of such streets, highways and alleys, authorized by subdivisions five, seven and eight, section forty-one, which are charges upon the lots and land fronting thereupon, the street commissioner, or other officer designated by the council, may demand from each owner of such lot or lots fronting upon said improvement, the cost and expense of such improvement, or the work and labor actually performed or materials furnished in making such improvement in front of his or her lot; and such cost and expense shall be a charge upon such lot or lots from the time of the commencement of said work until paid. The filing of the statement of claims as hereinafter prescribed, with the city clerk and the county auditor of Pierce county, shall be notice to purchasers and incumbrancers of such charges upon said lots. The street commissioner or other officer, duly authorized by ordinance, at the expiration of the time within which such demands may be made upon such owners of lots, shall make out and verify an exhibit of the respective claims against each lot in tabular form, which shall be headed "City Claims Under Ordinance," ——— (giving title of ordinance) and shall be ruled in separate columns in which shall be designated the number of lot and block, name of owner or reputed owner, date of completion, number of days' labor and value, cost of material furnished and total expense chargeable upon each lot. Owners of lots, if aggrieved, shall have time in which to appeal to the council or to the committee on streets, at the expiration of which time the city clerk shall cause to be filed in the county auditor's office a certified transcript of said exhibit under his seal of office. The county auditor shall file said transcript and record it in the book of liens, indexing the owner or reputed owner as lienor and the city as claimant, for which he shall be entitled to charge the fee of twenty-five cents for each name so indexed; which sum shall be added to said claim and upon the enforcement of such lien shall be taxed and collected as costs. The owner of said lot may satisfy said charge at any time by paying the claims and costs with costs of satisfaction to the city treasurer, and the receipt of said officer shall authorize the auditor to enter "satisfied" on the margin of the record. At any time after sixty days from the filing of such statement of claims in the county auditor's office, the common council may direct the city attorney to enforce collections of said claims by suit. In suits to foreclose such lien the city shall be named as plaintiff. The whole or any portion of the parties in any one statement of claims based upon the same ordinance and for the same improvement may be joined in one notice or citation to appear and show cause why such charge, as exhibited in such statement, should not be decreed as a lien upon the respective lot fronting upon the improvement and said lot sold to pay the same. Such notice or citation may be served by notice published for three consecutive weeks in the newspaper doing the city printing, and a copy of said newspaper shall be served upon the premises named, if such lot be improved and anyone reside thereupon, or a copy of said newspaper shall be posted, as soon as first published, on such lot or lots if no one reside thereupon. The notice shall name the court, designate the lot by its number or by certain description, name of owner or reputed owner, amount of claim, and the time of hearing, which

shall not be less than twenty days after date of first publication. The filing of the verified statement of claims shall be sufficient complaint. If defendants fail to appear, answer or defend, on proof to the court that the provisions of the charter have been complied with, judgment shall be entered for the city. In such proceedings the verified statement of claims shall be *prima facie* evidence that the work and labor have been done and materials furnished on the particular lot, parcel of land, street, highway or alley. If the court trying the same shall be satisfied that the work has been done, or the material furnished, which, according to the true intent and meaning of this charter, would be properly chargeable to the owner of the lot or land through or by which the street, highway or alley improved or repaired may pass, judgment shall be rendered for the value of the work or materials performed or furnished on such lot of land, notwithstanding any informality or defects in the proceedings of the officers of the city. In such actions the city shall be entitled to recover in addition to the amount interest thereon at ten per cent. per annum from the time said work was done or materials furnished, and ten per cent. penalty and costs. At any time before sale of property upon execution, the owner may release the same from such lien by payment of claim and accrued costs. Claims due to the city of New Tacoma at the time this act shall go into effect, for improvements charged to the owners of property fronting upon the improvement made, shall be enforced in accordance with the provisions of this section. The city attorney shall cause a tabulated statement of such claims as herein prescribed, and file a verified copy of the same with the county auditor of Pierce county. When such statement is filed it shall have like effect as to lien, and be enforced in the same manner and with like penalties as in this section provided.

§ 25. **Rate of Interest.**—SEC. 77. All money paid or collected upon charges for the improvement of streets or alleys shall be kept as a separate fund and in no wise used for any other purpose whatever; all charges and claims by the city for improvements chargeable to lots or lands from the time of being filed as notice of liens, shall bear interest at the legal rate until paid.

§ 26. **Warrant of Sale.**—SEC. 78. Whenever any lot or part thereof shall be sold for more than the sum chargeable thereon, including costs of sale, the surplus must be paid to the city treasurer, and the person executing the warrant must take a separate receipt therefor and file it with the city clerk, and thereafter the owner or his legal representative shall, on application to the city council, be entitled to a warrant therefor.

§ 27. **What Deed Must Recite.**—SEC. 79. The deed to the purchaser must express the true consideration therefor, and the return of the person executing the warrant must specify the amount for which the lot was sold and the name of the purchaser.

CHAPTER XII.

§ 28. **Appraisement and Settlement of Damages for Changing Grade of Streets, etc.**—SEC. 80. When the grade of any street, highway or alley shall have been established by authority of the city, and any person or persons shall have built or made improvements on such street, highway or alley, and the city shall afterward change the established grade or shall change the boundary lines of any block, street, highway or alley in such manner as to injure or diminish the value of the property which shall have been improved, the city shall pay to the owner or owners of the property so injured the amount of such damage; and when the parties interested are unable to agree with the city council as to the amount so to be paid, the same shall be appraised by three persons, one of whom shall be appointed by the mayor, one by the owner or owners of the property and one by the two so appointed, or in case of their disa-

greement, by the city council; said appraisers shall be sworn to faithfully execute their duties according to the best of their ability; they shall view the premises and receive any legal evidence, and may adjourn from day to day, but shall make their report within thirty days from the time of their appointment; they shall assess the damage sustained over and above the additional value of the property by reason of the change or improvement; they shall sign their report and deliver the same to the clerk of the district court holding terms at the county seat of Pierce county, and if no objection is made thereto, in the manner hereinafter prescribed, within twenty days thereafter, the assessment shall be final and the city shall pay the amount so assessed, and the party entitled may have a judgment entered therefor. If the damage so assessed be excessive or insufficient, the clerk of said district court shall, upon filing a written precipe therefor, by the city or any person aggrieved within said twenty days, enter the case upon the trial docket for the next term; the party claiming damages shall be the plaintiff and the city shall be the defendant; the usual pleadings in a civil action may be filed or such special pleadings as the court shall allow, and the issue thus formed shall be tried as other civil actions; the costs to be taxed against the city when the judgment is for a larger amount than was awarded by the appraisers, or the cause has been tried at the instance of the city for the purpose of reducing the amount of damages and the damages are not so reduced; otherwise the costs shall be taxed against the parties claiming damages.

§ 29. **Appraisement and Settlement of Damages for Appropriation of Private Property.**—SEC. 81. When private property shall have been condemned, and the compensation to be paid therefor shall be made a charge upon the property benefited thereby, the appraisement of damages to be paid to the owners of property condemned shall be made by three persons, one of whom shall be appointed by the mayor, one by the owner or owners of property condemned or damaged, or if either or both said classes of property owners fail or refuse to make such appointment, after ten days' notice to do so, which notice shall be given in the manner to be prescribed in the ordinance providing for such condemnation of property, either or both such appointments shall be made by the city council. The persons so appointed shall be sworn, and shall report within the time and in the manner prescribed for appraisement in the preceding section; this award shall be final unless appeal is made within twenty days from the time of the return thereof to the district court. Any person aggrieved by the award may, upon filing a precipe therefor, have the case docketed for trial at the next term of court; when the issue in such case is between an owner of property condemned or damaged and the city, such party shall be plaintiff and the city defendant; and when the issue to be tried relates to excessive or unfair charges upon property, the city shall be plaintiff and the owner of the property defendant; the issue shall be made up, the case tried and determined and costs taxed as provided in the preceding section: *Provided*, That all costs taxed against the city and all costs of the appraisements and other proceedings under this section shall be added to the gross amount to be collected from the several property holders in the same proportion as said gross amount, and said judgment and costs shall be a lien upon the property therewith charged.

§ 30. **Appropriation in Other Cases.**—SEC. 82. In all cases where private property is condemned or taken for public use by authority of this act, the city shall pay a fair compensation therefor to the owner of such property; and when such owners and the city council are unable to agree as to the amount of such compensation, the same shall be determined in the manner provided by the general laws of this Territory relating to the mode of proceeding to appropriate land by private corporations.

CHAPTER XIII.

* * * * *

§ 32. **Actions Concerning Taxes, etc.—Discretion of Council.**—SEC. 87. In any action, suit or proceedings in any court concerning a charge or lien upon property or levy of taxes authorized by this act, or the collection of any such tax or proceedings thereon, such charge, levy, consequent proceedings and all proceedings connected therewith, shall be presumed to be regular and duly done or taken until the contrary is shown; and when any proceeding, matter or thing is, by this act, committed or left to the discretion of the council, such discretion or judgment, when exercised or declared, is final and cannot be reviewed or called in question elsewhere.

* * * * *

§ 33. **Petition for Improvement—Vacations.**—SEC. 89. CHAPTER XII.

§ 77. **Appraisement and Settlement of Damages for Changing Grade of Street, etc.**—SEC. 147. When the grade of any street, highway or alley shall have been established by authority of the city, and any person or persons shall have built or made improvements on such street, highway or alley, and the city shall afterward change the established grade in such manner as to injure or diminish the value of the property which shall have been improved, the city shall pay to the owner or owners of the property so injured the amount of such damage; and when the parties in-

terested are unable to agree with the city council as to the amount so to be paid, the same shall be appraised by three persons, one of whom shall be appointed by the mayor, one by the owner or owners of the property and one by the two so appointed, or in case of their disagreement, by the city council. Said appraisers shall be sworn to faithfully execute their duties according to the best of their ability; they shall view the premises and receive any legal evidence, and may adjourn from day to day, but shall make their report within thirty days from the time of their appointment; they shall assess the damage sustained over and above the additional value of the property by reason of the change or improvement; they shall sign their report and deliver the same to the clerk of the district court, holding terms at the county seat of Pierce county, and if no objection is made thereto, in the manner hereinafter prescribed, within twenty days thereafter, the assessment shall be final, and the city shall pay the amount so assessed, and the party entitled may have a judgment entered therefor. If the damage so assessed be excessive or insufficient the clerk of said district court shall, upon the filing of a written precipe therefor by the city or any person aggrieved, within said twenty days, enter the case upon the trial docket for the next term; the party claiming damages shall be the plaintiff, and the city shall be the defendant. The usual pleadings in a civil action may be filed, or such special pleadings as the court shall allow, and the issue thus formed shall be tried as other civil actions; the costs to be taxed against the city when the judgment is for a larger amount than was awarded by the appraisers, or the cause has been tried at the instance of the city for the purpose of reducing the amount of damages, and the damages are not so reduced; otherwise the costs shall be taxed against the parties claiming damages.

§ 78. Notice of Intention to Appropriate Private Property.—SEC. 148. Whenever, in the judgment of the city council, it shall become necessary or expedient to condemn any lands, tenements, hereditaments or premises within the corporate limits, for any of the purposes specified in section 48, the council shall by resolution declare its intent to condemn the same, and the purpose of such condemnation, setting forth in such resolution a pertinent general description of the property designed to be condemned.

§ 79. Appraisement of Damages for Such Appropriation.—SEC. 149. Thereafter, and within thirty days from the adoption of such resolution, the council may appoint three disinterested persons, residents of and freeholders in the city of Tacoma, no kin to any owner or person interested in any property to be appropriated, possessing the qualifications of jurors of the district court holden at the county seat of the county of Pierce, to view the property proposed to be condemned as aforesaid, and make an assessment of damages and benefits. When such viewers are appointed the council shall assign a day and place for them to meet, which place shall be at the office of some justice of the peace of Pierce county, having an office in said city; and a notice of the appointment of such viewers, with their names and the time and place appointed for them to meet, specifying with convenient certainty the boundaries and description of the private property proposed to be appropriated, and the purpose for which the same is designed to be appropriated, shall be served personally upon all resident owners of such lands, tenements and hereditaments, if such resident owners are found within the county, and in case they cannot be found and in the case of non-resident owners, by publication for three consecutive weeks in some newspaper published in said city. The liability to pay a tax to satisfy any such assessment of damages (except an assessment upon property benefited), shall not disqualify any person from serving as such viewer.

§ 80. Viewers: Duties of.—SEC. 150. The city clerk shall immediately, and at least five days before the time assigned for such meeting,

cause such viewers to be notified of their appointment and of the time and place of such meeting, and such viewers shall meet at the time and place designated, and take an oath before said justice of the peace, to the effect that they are twenty-one years of age, citizens and householders of Pierce county, Washington Territory, that they are not related to any of the persons whose property is sought to be appropriated, and that if upon viewing the property not to be appropriated, but to which especial and peculiar benefits will accrue by reason of such appropriation, said viewers shall be found to be related to owner thereof, either by affinity or consanguinity, the same shall not affect his appraisalment, and that they are qualified jurors; that they will faithfully discharge the duties assigned by them, and shall then or on any other day to which they may adjourn, not exceeding one week thereafter, proceed to view the property proposed to be condemned, and having viewed the same shall proceed to make a just and equitable estimate and assessment of the amount of the loss and damage, if any, over and above the benefit and advantage which are especial and peculiar to said owner, but benefits which are general to the public shall not be taken into consideration by said viewers, and said viewers shall also make an estimate of the benefits and advantages which will be special and peculiar to the owners of the lands, tenements and hereditaments not proposed to be condemned, but which, in the opinion of said viewers will be benefited by such condemnation and appropriation, and within a reasonable time after completing said appraisements the said viewers shall make two written reports of their doings and appraisements in the case of the property sought to be condemned, one of which they will file with the said justice of the peace, and the other with the clerk of said city and shall make and file with the said clerk a report of the assessment of benefits and advantages which they find to be special and peculiar to the owners of lands, tenements and hereditaments not proposed to be condemned, but which, in the opinion of such viewers, will be benefited by such appropriations, all of which reports shall be verified by said viewers before said justice of the peace, and shall be signed by a majority of their number. The city clerk shall, within two days after the expiration of the twenty days named in section 155, and if said council has not reconsidered their said resolutions to condemn said lands, file with the city treasurer said report and said city treasurer shall proceed to collect said assessment, so provided in chapter XI and section 147 of this chapter, for the collection of taxes and enforcements of liens for improvements.

§ 81. Judgment: Manner of Taking and Enforcement.—Sec. 151. Said justice of the peace shall, within five days after the filing of the report of said viewers, make and certify to the clerk of the district court of said Pierce county a transcript of the proceedings had before him, and shall attach thereto the report of said viewers, together with the notices and returns thereon, as required by section 149. The clerk of said district shall thereupon put the case upon the trial docket of the next term of said court, the city to be the plaintiff and the other party defendant, and thereupon, if no objections are made within twenty days by either party, the same shall stand confirmed and judgment entered accordingly. But either or both parties may elect to have said cause tried, and the parties then shall be at liberty to file the ordinary pleadings in a civil action, or such special pleadings as the court may order, and the issues thus formed shall be tried as in other civil cases. The costs to be taxed against the city only when the verdict is for a larger amount than was awarded by the viewers, or the cause has been tried at the instance of said city for the purpose of reducing the amount of damages, and the damages are not so reduced; otherwise the costs shall be taxed against the owners of the land. The fact that one called as a juror on any such trial is a taxpayer in the city of Tacoma shall not disqualify him from sitting as such juror.

§ 82. **When City Entitled to Possession.**—SEC. 152. Upon payment to the clerk of said district court, for the use of such owner or owners, of the amount assessed by said viewers, said city shall be entitled to and have the right, notwithstanding the objections or appeal of said owner or owners, to immediately enter upon and take possession of said land, tenements and hereditaments and appropriate them to the uses for which they were condemned, subject, however, to the payment of such further damages as the district court of said county may order paid, as provided in section 151. But nothing herein shall be construed to prevent said city from appropriating said lands, tenements and hereditaments for its uses pending action in the district court with regard to said damages; and for the purpose of preliminary survey and laying out such works, said city shall have the right to enter upon said lands at any time.

* * * * *

§ 83. **Right of Appeal.**—SEC. 154. Either party may appeal to the supreme court of the Territory, as in other cases: *Provided*, That if the owner or owners of the land accepts the sum awarded by the viewers, he or they shall thereby waive trial in the district court, and appeal to the supreme court, and final judgment by default may be rendered in the district court, as in other cases: *Provided, however*, It shall be lawful for said city council, by such person or persons as they shall direct, at any time before the final rendering of judgment, to agree with any of the parties interested as to the amount they shall receive for damages or pay for benefits.

§ 84. **Resolution of Abandonment: Effect of.**—SEC. 155. Said city shall have the right at any time within twenty days from filing the report with the justice of the peace of the assessment of damages to reconsider its resolution to condemn and appropriate any of said lands, tenements and hereditaments, in which case the city clerk shall notify by publication for three consecutive weeks, in some weekly newspaper published in said city, the resolution of abandonment: *Provided, however*, That in such case the city shall pay all costs accrued up to the time of said reconsideration and all matters then pending with reference thereto shall cease, but no owner of property condemned shall be entitled to any damages or compensation by reason of any act done by said city in condemning such property, except actual damages sustained by the destruction of fences, buildings or other injury to his property.

§ 85. **Powers of City Over Property Appropriated.**—SEC. 156. At the time of the filing of said report by the justice with the clerk of said district court, or thereafter upon paying to the persons respectively entitled thereto, the amounts first assessed and reported by the viewers, as the amounts to be paid to the owners or lessees of persons entitled to or interested in the property designated to be appropriated, or upon depositing said amounts with said clerk of said court for the use of such persons, respectively, or upon paying to such persons, or depositing with the clerk, as aforesaid, the amounts assessed and reported by viewers on a revision and correction of the report, or assessed by a jury, as hereinbefore provided, as the amounts to be paid to such persons respectively, all the lands, tenements, hereditaments and premises, proposed to be condemned as aforesaid, shall be deemed so condemned, and the city shall become seized thereof, and the city may thereupon, by such person as the city council shall order, either immediately or at any time or times thereafter, take possession of the same, or any part or parts thereof, without any suit or proceeding at law for that purpose, and remove all buildings and other impediments as the council shall direct. But the city shall nevertheless in case such persons or any of them entitled as aforesaid, do not accept the aforesaid amounts assessed to them, respectively, be subject to the liability to pay to such persons respectively the amounts which may be finally assessed and confirmed to them for the taking of said lands or premises as in this act provided.

§ 86. **Waiver of Appeal.**—SEC. 157. If after any such deposit be made with the clerk of said court the amount of loss or damage assessed as the sum to be paid to any party interested in said condemned property shall be decreased by viewers on a revisal or correction of the reports, or by the verdict of a jury, the difference between the amount of such loss and damage as so decreased, and the amount so deposited with the clerk for such party, shall not thereafter be paid by the clerk to such party, but shall be paid to the city. Any party accepting the sum assessed to him for damages by the viewers, shall be deemed thereby to conclusively waive a hearing or trial of the question of the amount of loss or damage sustained by him, in the district court with or without jury, or before the judge thereof; and any party accepting such sum or the sum which may be assessed to him for damages by a jury in the district court, shall be deemed thereby conclusively to waive an appeal of the question of the amount of such loss or damage to the supreme court.

§ 87. **Appropriation in Other Cases.**—SEC. 158. In all other cases where private property is condemned or taken for public use by authority of this act, and in the cases mentioned and referred to in section one hundred and fifty-nine (149) * of this act, if the city council so elect and do not appoint viewers as provided in section one hundred and sixty (160) [150] thereof, the city shall pay a fair compensation therefor to the owners of such property, and when such owners and the city council are unable to agree as to the amount of such compensation, the same shall be determined in the manner provided in this charter.

§ 88. **Council May Regulate Manner of Appropriation.**—SEC. 159. The council may provide by ordinance any regulations as to the manner of condemning and appropriating private property for the use of the city not in conflict with this act, and may provide by ordinance anything convenient and necessary for the effectual carrying out of the spirit and intent of this chapter and of section 48 of this act.

The power and authority to improve a street includes the power and authority to improve the sidewalks and pavements, and to determine and provide for everything convenient or necessary for such improvement.

§ 12. **Notice of Improvement, etc.**—SEC. 66. No grade or improvement mentioned in the foregoing section can be undertaken or made without first posting written notices in at least five of the most public places in said city for two weeks, or publishing said notices in some paper published in said city for said period.

§ 13. **What Notice Must Specify.**—SEC. 67. Such notice must be given by the clerk of the common council by order of the council, and must specify with reasonable certainty the street or part thereof proposed to be improved, or of which the grade is proposed to be established or altered, and the kind of improvement which is proposed to be made.

§ 14. **Effect of Remonstrance.**—SEC. 68. Within ten days from the final publication of expiration of such notice, the owners of two-thirds of the assessed value of the property adjacent to such street or part thereof, as the case may be, may make and file with the clerk of the common council a written remonstrance against the proposed improvement, grade, or alteration thereof, and thereupon the same shall not then be farther proceeded in or made.

§ 15. **Effect of Failure to Remonstrate.**—SEC. 69. If no such remonstrance be so made and filed, the council at its earliest convenience thereafter, and within six months from the final publication of such notice, may establish the proposed grade or alteration thereof, or commence to make the proposed improvements as hereinafter provided.

§ 16. **Ordinance Establishing.**—SEC. 70. In the case of a notice to establish a grade or alteration thereof, the council, within the time limited by the first section of this chapter, may establish the same by ordinance as proposed in this section.

§ 17. **Assessment for Improvement.**—SEC. 71. In case the notice be for the improvement of a street or a part thereof, the council may proceed to ascertain and determine the probable cost of making such improvement, and assess upon each lot or part thereof, liable therefor, its proportionate share of such cost.

§ 18. **Declaration of Assessment.**—SEC. 72. When the probable cost of the improvement has been ascertained and determined, and the proportionate share thereof of each lot or part thereof has been ascertained as provided in the preceding section, the council must declare the same by ordinance, and direct its clerk to enter a statement thereof in the docket of the city liens as provided in the next section.

§ 19. **Docket of Liens: What Shall Contain.**—SEC. 73. The docket of city liens is a book in which must be entered, in pursuance of the preceding section, the following matters in relation to assessments for the improvement of streets—(1) The number of the lot assessed and the number of the block in which it is situated, and if a separate assessment is made upon a part of a lot, a particular designation of such part. (2) The name of the owner thereof, or that the owner is unknown. (3) The sum assessed upon such lot or part thereof and the date of the entry.

§ 20. **Effect of Entry in Lien Docket.**—SEC. 74. The docket of city liens is a public record, and the original or certified copies of any matter authorized to be entered therein are entitled to the force and effect thereof, and from the date of the entry therein of an assessment of a lot or part

thereof, the same so entered is to be deemed a tax levied and a lien thereon, which lien shall have priority over all other liens or incumbrances thereon, save and excepting liens of the United States, Territory or county, for delinquent taxes.

§ 21. **How Owner Ascertained.**—SEC. 75. For the purpose of ascertaining who is the owner of any lot or part thereof, assessed for the improvement of a street, the clerk may take the certificate of the auditor for the county of Clark, stating who is the owner thereof at the date of the ordinance making the assessment, as may appear from the record of deeds for such county, which certificate such auditor is authorized and required to give when demanded by the clerk.

§ 22. **Notice Necessary Before Collection.**—SEC. 76. A sum of money assessed for the improvement of a street cannot be collected until, by order of the council, notice thereof is given by publication in a newspaper published in the city or posted as required in section sixty-six. Such notice must substantially contain the matters required to be entered in the docket of city liens concerning such assessment.

§ 23. **Warrant for Collection.**—SEC. 77. If, within five days from the final publication of the notice prescribed in section seventy-six, the sum assessed upon any lot or part thereof is not wholly paid to the city treasurer, and a duplicate receipt therefor filed with the clerk, the council may thereafter order a warrant for the collection of the same to be issued by the clerk, directed to the city collector, or other person authorized to collect taxes due the city.

§ 24. **What Warrant Shall Require.**—SEC. 78. Such warrant must require the person to whom it is directed to forthwith levy upon the lot or part thereof upon which the assessment is unpaid, and sell the same in the manner provided by law, and to return the proceeds of such sale less his fees, to the city treasurer, and the warrant to the clerk, with his doings endorsed thereon, together with the receipt of the city treasurer for the proceeds of such sale as paid to him.

§ 25. **Force and Effect of Warrant.**—SEC. 79. Such warrant shall have the force and effect of an execution against real property, and shall be executed in like manner, except as in this chapter otherwise specially provided.

§ 26. **Tax Deed: What Shall State.**—SEC. 80. The person executing such warrant shall immediately make a deed for the property sold thereon to the purchaser, stating therein that the same is made subject to redemption, as provided in this chapter. Within three years from the date of such sale, the owner or his successor in interest, or any person having a lien by judgment, decree or mortgage on the property or any part thereof separately sold, may redeem the same upon the terms and conditions provided in the next section.

§ 27. **Redemption: Limitation and Manner of.**—SEC. 81. Redemption is made by the payment of the purchase money, and twenty-five per cent. addition, together with interest upon the purchase money from the date of sale to the time of payment at legal rate, and the amount of any tax which the purchaser may have paid upon the property.

§ 28. **Effect of Redemption.**—SEC. 82. A redemption discharges the property from the effects of the sale for the assessment. If made by the owner or his successor in interest, the estate in the property is thereby restored to such owner or his successor in interest, as the case may be; but if made by a lien creditor, the amount paid for the redemption is thereafter to be deemed a part of his judgment, decree or mortgage as the case may be, and shall bear like interest, and may be enforced and collected as a part thereof.

§ 29. **How Redemption Enforced.**—SEC. 83. Whenever a purchaser, or those claiming under him, refuses to convey to a person entitled to re-

deem, such person may enforce a conveyance therefor by a suit, as for a specific contract to convey real property; and such suit may be maintained against absent parties, without proof of tender of the money and offer to redeem, if the plaintiff bring such money into court and offer then to redeem.

§ 30. Abutting Property to Pay for Improvement.—SEC. 84. Each lot or part thereof within the limits of a proposed street improvement, shall be liable for the full cost of making the same upon the half of the street in front of and abutting upon it, and also for a proportionate share of the cost of improving the intersection of two of the streets bounding the block in which said lot or part thereof is situated.

§ 31. Apportionment of Cost.—SEC. 85. The probable cost of improving such intersection is to be assessed upon the lots or parts thereof situated in the quarters of the four blocks adjoining such intersection; but only upon the lots or parts thereof within the quarters nearest thereto, and in proportion to the cash value of such lots or parts thereof, irrespective of improvements thereon.

§ 32. Force and Effect of Sale.—SEC. 86. A sale of real property, under the provisions of this chapter, conveys to the purchaser, subject to redemption, as herein provided, all the estate or interest therein of the owner, whether known or unknown, together with all the rights and appurtenances thereunto belonging.

§ 33. Lien for Taxes, etc.—SEC. 87. When an assessment upon any lot or part thereof becomes delinquent, any person having a lien thereon by judgment, decree or mortgage, may, at any time before the sale of such lot or part thereof, pay the same, and such payment discharges the property from the effect of the assessment, and the amount of such delinquent taxes and all accruing costs and charges, if any, when so paid, is thereafter to be deemed a part of such lien creditor's judgment, decree or mortgage, as the case may be, and shall bear like interest, and may be enforced and collected as a part thereof.

§ 34. Work to be Let by Bid.—SEC. 88. The council must provide by ordinance for the time and manner of doing the work on any proposed improvement, subject only to the following restrictions: (1) After proper notice, the work must be let to the lowest bidder, but a bid by the owner or owners of two-thirds of the property in a block fronting on a street proposed to be improved must be accepted, if as low as any other bid, and the council may provide for the rejection of any or all bids, when deemed unreasonable, and that the bid of any person who has before bid or contracted for such work and been delinquent therein, shall not be received.

§ 35. If Sum Assessed Insufficient to Defray Cost Deficiency Shall be Added.—SEC. 89. If, upon the completion of any improvement, it is found that the sum assessed therefor upon any lot or part thereof is insufficient to defray the cost thereof, the council must ascertain the deficit and declare the same by ordinance; when so declared, the auditor must enter the sum of the deficit in the docket of city liens, in a column reserved for that purpose in the original entry with the date thereof, and such deficit shall thereafter be a lien upon such lot or part thereof, in like manner, and with like effect as in case of the sum originally assessed, and shall also be payable and may be collected in like manner and with like effect as in the case of such sum so assessed.

* * * * *

§ 36. Rate of Interest on Assessments.—SEC. 91. All money paid or collected upon assessments for the improvement of streets shall be kept as a separate fund, and in no wise used for any other purpose whatever; all money so assessed, including a deficit from the time of being entered in the docket of city liens, shall bear interest at the legal rate until paid or collected.

§ 37. **In What Case Notice Not Required.**—SEC. 92. The proceedings authorized by this chapter for the establishment or alteration of a grade, or the improvement of a street, or a part thereof, may be taken and had without giving the notice prescribed in section sixty-six, whenever the owner or owners of two-thirds of the adjacent property shall in writing petition the council therefor.

§ 38. **Only One Improvement Permissible.**—SEC. 93. When a street or part thereof has been once improved under and by virtue of the provisions of this chapter, thereafter such street or part thereof is not subject to be again improved, but may be repaired.

§ 39. **Repairing Streets, etc.**—SEC. 94. The council is authorized to repair any street or part thereof, whenever it deems it expedient, and to declare by ordinance, before doing the same, whether the cost shall be assessed upon the adjacent property, or be paid out of the general fund of the city.

§ 40. **Method of Assessment for Repairing.**—SEC. 95. If the council declares that a proposed repair shall be made at the cost of the adjacent property, thereafter the proposed repair is to be deemed an "improvement," and shall be made accordingly; but if it declares that the cost of the same shall be paid out of the general fund, such repairs may be made as the ordinance may require, and be paid for accordingly.

§ 41. **How Collected.**—SEC. 96. The manner and cost of establishing or altering the grade of any street or part thereof shall be made and paid for the same as an "improvement," but nothing herein shall be so construed as to preclude the council in its discretion from paying the cost of establishing or altering the grade of any street or part thereof out of the general fund of the city.

* * * * *

§ 42. **Tax Deed: What Shall State.**—SEC. 98. The deed to the purchaser must express the true consideration thereof, which is the amount paid by the purchaser, and the return of the person executing the warrant must specify the amount for which each lot or part thereof sold and the name of the purchaser.

CHAPTER IX.

§ 43. **Rate of Interest on Taxes.**—SEC. 99. Whenever any general or special tax has been levied as provided and authorized in section thirty-two, every part thereof shall bear interest at the legal rate from the time it becomes delinquent.

§ 44. **When Taxes Become Delinquent.**—SEC. 100. The council must provide, by ordinance, within what time all taxes levied as provided and authorized in section thirty-two may be paid to the treasurer; and all taxes not paid to the treasurer within such time are thereafter delinquent taxes and must be collected as such.

§ 45. **Return of Roll.**—SEC. 101. Within five days from the expiration of the time limited for paying taxes to the treasurer, the treasurer must return the tax roll to the council, distinguishing thereon the taxes paid and those remaining unpaid.

§ 46. **Warrant for Collection.**—SEC. 102. The council must thereafter order the clerk to deliver the tax roll to the collector, and issue and annex thereto a warrant directed to the collector, commanding him to proceed and forthwith to collect the delinquent taxes upon such roll, in the manner provided by law, and pay the same to the treasurer, less his fees and costs of collection, and return the warrant with his doings thereon, and the receipt of the treasurer for all moneys collected thereby and paid to the treasurer, to the clerk.

§ 47. **Force and Effect of Warrant.**—SEC. 103. Such warrant for the purpose of collecting such delinquent taxes shall be deemed an execu-

tion against property, and shall have the force and effect thereof against any person, firm or corporation against whom such taxes are levied or charged on the tax roll, and shall be executed and returned in like manner, except as in this chapter otherwise provided.

§ 48. In What Case Real Property May be Levied.—SEC. 104. If no personal property be found whereon to levy the warrant, or if that levied upon be not sufficient to satisfy the same, it must be levied upon any real property of the person, firm or corporation against whom the tax is levied or charged, or sufficient thereof to satisfy such warrant, including interest, fees of officer and all expenses of sale and executing the warrant.

§ 49. How Levied Against Unknown Owner.—SEC. 105. In case of a delinquent tax levied upon real property in the name of an owner unknown, the warrant shall be executed by levying upon each lot or part thereof of such property for the tax levied thereon, and selling it separately.

§ 50. Collection of Taxes Heretofore Levied.—SEC. 106. All taxes heretofore levied by the municipal corporation of Vancouver, and remaining unpaid or delinquent may, by order of the council, be collected from the person, firm or corporation, whether known or unknown, against whom the same were charged or levied by warrant in the manner and with the effect provided in this chapter for the collection of delinquent taxes.

§ 51. Tax Deed: What Shall State.—SEC. 107. When real property is sold for delinquent taxes, the person executing the warrant must immediately make a deed for such property to the purchaser, stating therein that the same is made subject to redemption, as provided by law, and such sale shall have the effect prescribed in section eighty-six.

* * * * *
§ 53. Return of Warrant, etc.—SEC. 111. The council may provide by ordinance within what time a warrant for the collection of delinquent taxes must be returned, and may order an alias warrant to issue for the collection of any such taxes not made on a previous one. All costs and charges for collecting delinquent taxes must be made on the warrant, and collected as a part of the tax. Stone and Charles H. Burnett, partners, doing business in said city under the firm name and style of Stone and Burnett; and then and there took from said Stone and Burnett ten promissory notes for the sum of four thousand dollars each, drawing interest at the rate of ten per cent. per annum; one of said notes falling due each year for ten successive years from date, to secure the purchase money on said sale, and at the same time took from said Stone and Burnett a mortgage on real estate lying in said city to secure the payment of said notes; and shortly after receiving said notes and mortgage the said Hinds moved with his family from said city of Seattle to the city of San Francisco, in the State of California, and took with him said notes and mortgage, and he there established his residence and contracted debts; that on or about the fourteenth day of December, A. D. 1870, the said Sumner B. Hinds died in said city of San Francisco, possessed of said notes and mortgages, and owing debts to citizens of California; that on or about the twenty-eighth of December, A. D. 1870, letters of administration were duly issued on his estate by the probate court of the city and county of San Francisco, State of California, to Maurice C. Blake, a resident of said state and city; that on or about the twenty-seventh day of March, A. D. 1873, letters of administration were also issued upon his estate to John S. Hill, by the probate court of King county, Washington Territory; that there was not in the State of California a sufficient amount of assets belonging to said estate, exclusive of said promissory notes, to pay the debts due, and to become due, from said estate; that on or about the eighteenth day of March, A. D. 1874, the legislature of the State of California passed a special act authorizing, upon certain conditions, the assets belonging to said estate and the debts due said estate to be transferred to the probate court of King county, Washington Territory; that on or about the twenty-third day of July, A. D. 1875, the conditions of said act having been in all things fully complied with, the assets belonging to said estate, being the mortgage aforesaid, and seven of the promissory notes aforesaid, three of said notes having been paid to the administrator in California, were transferred from, and by the authority of the probate court of the city and county of San Francisco, State of California, to the probate court of King county, Washington Territory; and the debts owing by said estate were also transferred at the same time and in the same manner; that at the time of his death Sumner B. Hinds, now about fourteen years old, Nellie B., now about eleven years old, and Dell M. Hinds, now about nine years old, and all of said children are now living in King county, Washington Territory; that said Stone and Burnett neglected and refused to make any more payments, and are in default according to the terms and conditions of said mortgage; and now, according to an agreement in said mortgage contained, the whole amount secured by said mortgage has become due and owing to said estate, amounting to about forty-two thousand dollars; that to sell said notes and mortgages would result in great loss and injury to the estate, and in order to collect the amount due on said notes, it will be necessary to foreclose said mortgage; and,

WHEREAS, It is probable that John S. Hill, administrator as aforesaid,

Hinds, and Lizzie M. Hinds, Nellie B. Hinds and Dell M. Hinds, deceased; and if said property shall be so purchased the title to said property shall vest in fee simple in said Ellen M., late widow, and said Lizzie M. Hinds, Nellie B. Hinds and Dell M. Hinds; the said late widow taking the one-half interest, and the said three children in equal parts the remainder. And in case the said late widow and children of the said Sumner B. Hinds shall become the owners of said real estate, either by conveyance from the said Stone and Burnett, or through a foreclosure of said mortgage, the proportionate interest to be vested in the said late widow and the three children aforesaid shall be the same as hereinbefore set forth; but in any event, first subject to the payment of all debts due from said estate and expenses of administration. Said real estate, vesting in the late widow and children aforesaid, may be ordered sold by the probate court of King county, aforesaid, under and by virtue of the laws of Washington Territory, providing for and regulating the sale of real estate of deceased persons for payment of debts.

though the said Sumner B. Hinds had died in said county. All of the provisions of this act shall apply with equal force and effect to the successors in interest, to Stone and Burnett, or either of them, as it does to the said Stone and Burnett, and the judge at chambers, in vacation, is hereby vested with power and authority to make any and all orders and transact all business authorized by this act, as fully as the court could do in session.

§ 5. **Manner of Construction.**—SEC. 5. *And be it further enacted*, That said Northern Pacific Railroad shall be constructed in a substantial and workmanlike manner, with all the necessary draws, culverts, bridges, viaducts, crossings, turnouts, stations and watering places, and all other appurtenances, including furniture and rolling stock, equal in all respects to railroads of the first class, when prepared for business, with rails of the best quality, manufactured from American iron. And a uniform gauge shall be established throughout the entire length of the road. And there shall be constructed a telegraph line, of the most substantial and approved description, to be operated along the entire line: *Provided*, That the said company shall not charge the government higher rates than they do individuals for like transportation and telegraphic service. And it shall be the duty of the Northern Pacific Railroad Company to permit any other railroad, which shall be authorized to be built by the United States, or by the legislature of any Territory or State in which the same may be situated, to form running connections with it on fair and equitable terms.

And the said company shall have the right to cut and remove trees and other material that might, by falling, encumber its road bed, though standing or being more than two hundred feet from the line of said road. And in case the owner of such lands or premises and the said company cannot agree as to the value of the premises taken, or to be taken, for the use of said road, the value thereof shall be determined by the appraisal of three disinterested commissioners, who may be appointed, upon application by either party, to any court of record in any of the Territories in which the lands or premises to be taken lie; and said commissioners, in their assessment of damages, shall appraise such premises at what would have

been the value thereof if the road had not been built. And upon return into court of such appraisement, and upon the payment into the same of the estimated value of the premises taken for the use and benefit of the owner thereof, said premises shall be deemed to be taken by said company, which shall thereby acquire full title to the same for the purposes aforesaid. And either party feeling aggrieved at said appraisement may, within thirty days after the same has been returned into court, file an appeal therefrom, and demand a jury of twelve men to estimate the damage sustained; but such appeal shall not interfere with the rights of said company to enter upon the premises taken, or to do any act necessary and proper in the construction of its road. And said party appealing shall give bonds, with sufficient surety or sureties, for the payment of any cost that may arise upon such appeal; and in case the party appealing does not obtain a verdict, increasing or diminishing, as the case may be, the award of the commissioners, such party shall pay the whole cost incurred by the appellee, as well as his own, and the payment into court, for the use of the owner of said premises taken, of a sum equal to that finally awarded, shall be held to vest in said company the title of said land, and of the right to use and occupy the same for the construction, maintenance, and operation of said road. And in case any of the lands to be taken, as aforesaid, shall be held by any infant, *femme covert*, *non compos*, insane person, or persons residing without the territory within which the lands to be taken lie, or persons subjected to any legal disability, the court may appoint a guardian for any party under any disqualification to appear in proper person, who shall give bond, with sufficient surety or sureties, for the proper and faithful execution of his trust and who may represent in court the person disqualified, as aforesaid, from appearing, when the same proceedings shall be had in reference to the appraisement of the premises to be taken for the use of said company, and with the same effect as has been already described; and the title of the company to the lands taken by virtue of this act shall not be affected or impaired by reason of any failure by any guardian to discharge faithfully his trust. And in case any party shall have a right or claim to any land for a term of years, or any interest therein, in possession, reversion, or remainder, the value of any such estate, less than a fee-simple, shall be estimated and determined in the manner hereinbefore set forth. And in case it shall be necessary for the company to enter upon any lands which are unoccupied, and of which there is no apparent owner or claimant, it may proceed to take and use the same for the purposes of said railroad, and may institute proceedings, in manner described, for the purpose of ascertaining the value of, and acquiring title to, the same; but the judge of the court hearing said suit shall determine the kind of notice to be served on such owner or owners, and he may in its discretion appoint an agent or guardian to represent such owner or owners in case of his or their incapacity or non-appearance. But in case no claimant shall appear within six years from the time of the opening of said road across any land, all claims to damages against said company shall be barred.

The directors, of whom seven, including the president, shall be a quorum for the transaction of business, shall have full power to make and prescribe such by-laws, rules and regulations as they shall deem needful and proper touching the disposition and management of the stock, property, estate and effects of the company, the transfer of shares, the duties and conduct of their officers and servants touching the election and meeting of the directors, and all matters whatsoever which may appertain to the concerns of said company; and the said board of directors may have full power to fill any vacancy or vacancies that may occur from any cause or causes from time to time in their said board. And the said board of directors shall have power to appoint such engineers, agents and subordinates as may from time to time be necessary to carry into effect the object of the company, and to do all acts and things touching the location and construction of said road.

And he may prescribe such rules and regulations as will insure to the family, in case of the death of the head thereof, the possession and enjoyment of such permanent home and the improvements thereon. And the president may, at any time, in his discretion, after such person or family has made a location on the land assigned for a permanent home, issue a patent to such person or family for such assigned land, conditioned that the tract shall not be aliened or leased for a longer term than two years, and shall be exempt from levy, sale or forfeiture, which conditions shall continue in force until a State constitution, embracing such lands within its boundaries, shall have been formed, and the legislature of the State shall remove the restrictions. No State legislature shall remove the restrictions herein provided for, without the consent of congress."

§ 1. **Preamble.**—Franklin Pierce, president of the United States of America, to all and singular to whom these presents shall come, greeting: WHEREAS, A treaty was made and concluded on the She-nah-nam, or Medicine creek, in the Territory of Washington, on the twenty-sixth day of December, one thousand eight hundred and fifty-four, between the United States of America and the Nisqually and other bands of Indians, which treaty is in the words following, to wit:

§ 2. **Parties.**—Articles of agreement and convention made and concluded on the She-nah-nam, or Medicine creek, in the Territory of Washington, this twenty-sixth day of December, in the year one thousand eight hundred and fifty-four, by Isaac I. Stevens, governor and superintendent of Indian affairs of the said Territory, on the part of the United States, and the undersigned chiefs, headmen and delegates of the Nisqually, Puyallup, Steilacoom, Squawksin, S'Homamish, Steh-chass, T'Peeksin, Squi-aitl and Sa-heh-wamish tribes and bands of Indians, occupying the lands lying round the head of Puget's Sound and the adjacent inlets, who, for the purpose of this treaty, are to be regarded as one nation, on behalf of said tribes and bands, and duly authorized by them.

ARTICLE I.

§ 3. **Boundaries of Cession.**—The said tribes and bands of Indians hereby cede, relinquish, and convey to the United States, all their right, title and interest in and to the lands and country occupied by them, bounded and described as follows, to wit: Commencing at the point on the eastern side of Admiralty Inlet, known as Point Pully, about midway between Commencement and Elliott Bays; thence running in a southeasterly direction, following the divide between the waters of the Puyallup and Dwanish, or White rivers, to the summit of the Cascade mountains; thence southerly, along the summit of said range, to a point opposite the main source of the Skookum Chuck creek; thence to and down said creek to the coal mine; thence northwesterly to the summit of the Black Hills; thence northerly to the upper forks of the Satsop river, thence northeasterly, through the portage, known as Wilkes' Portage, to Point Southworth, on the western side of Admiralty Inlet; thence around

† Under date of Jan. 19, 1857, the commissioner of Indian affairs writes to the secretary of the interior as follows: "The treaty negotiated on the 29th of December, 1854, with certain bands of Nisqually, Puyallup and other Indians of Puget's Sound, Washington Territory (article 2), provided for the establishment of reservations for the colonization of Indians, as follows: (1) The small island called Klah-chemin. (2) A square tract containing two sections near the mouth of the She-nah-nam creek. (3) Two sections on the south side of Commencement Bay. * * * I have the honor now to submit for your consideration and action of the president, should you deem it necessary and proper, a report recently received from Governor Stevens, dated December 5, 1856, with the reports and maps therewith, and as therein stated, from which it will be observed that he has arranged a plan of colonization which involves the assignment of a much greater quantity of land to the Indians, under the sixth article of the treaty, than was named in the first article. He proposes the enlargement of the Puyallup Reserve at the south end of Commencement Bay to accommodate 500 Indians; the change in the location, and the enlargement of the Nisqually Reserve, and the establishment of a new location, Muckleshoot prairie, where there is a military station that is about to be abandoned." * * * At the request of the secretary of the interior, the president approved the suggestions of this letter Jan. 20, 1857.

And the said tribes and bands agree to remove to and settle upon the same within one year after the ratification of this treaty, or sooner if the means are furnished them. CHAPTER VIII.—PORT MADISON RESERVE.†

† See "Lummi Reserve," No. 1300 and 1301, *supra*.

CHAPTER IX.—PUYALLUP RESERVE.†

† See "Nisqually Reserve," No. 1307, *supra*. Under date of August 26, 1873, the commissioner of Indian affairs writes to the secretary of the interior as follows: "By the second article of the treaty concluded with the Nisqually and other Indians December 26, 1851 (Stat. at Large, vol. 10, p. 1132), 'a square tract containing two sections, or 1,280 acres, lying on the south side of Commencement Bay,' was set apart as a reservation for said Indians, and is known as the Puyallup Reserve. It appears from the records of this office that Governor Stevens, finding the Indians dissatisfied with the size and location of the reserve, as indicated by said treaty, agreed at a conference held with them August, 1856, to a readjustment of said reservation, the exterior boundaries of which were surveyed and established by his order. This was done prior to the extension of the lines of the public surveys over the surrounding and adjacent lands. A map of the survey was transmitted by Governor Stevens to this office, under date of December 5, 1856, giving a description of the courses and distances of said exterior boundaries of the reserve, as taken from the field notes of the survey on file in the office of superintendent Indian affairs, Washington Territory. This reservation, as readjusted and indicated on said map, was set apart for these Indians by executive order, dated January 20, 1857. It was intended to have this reservation bounded on its western side by the waters of Commencement Bay, from the southeasterly extremity of said bay, around northwardly to the northwest corner of the reservation on the southerly shore of Admiralty Inlet. The survey was thought to be made so as to give to the Indians this frontage upon the bay, with free access to the waters thereof. More recent surveys, however, develop the fact that there is land along this shore, and outside the reservation, arising from an error of the surveyor in leaving the line of low water mark, along the shore of said bay, and running a direct line to the place of beginning. In a report dated March 20 last, Superintendent Milroy calls attention to this inadvertence; and for the adjustment of the western boundary of said reservation, so that it may conform to the intentions of those agreeing to the same, as well as for the comfort and wants of the Indians, he recommends the following change, viz.: Instead of the direct line to the place of beginning, to follow the shore line, at low water mark, to the place of beginning. Inasmuch as the lands proposed to be covered by this change are in part already covered by the grant to the Northern Pacific Railroad Company and by donation claims, I would respectfully recommend that the president be requested to make an order setting apart for the use of these Indians an addition to said Puyallup Reservation, as follows, viz.: All that portion of section 34, township 21 north, range 3 east, in Washington Territory, not already included within the limits of the reservation. This would give them a mile of water frontage directly north of Puyallup river, and free access to the waters of Commencement Bay at that point." On September 6, 1873, the president issued the following order: "Agreeable to the recommendation of the acting secretary of the interior, it is hereby ordered that the Puyallup Reservation in Washington Territory be so extended as to include within its limits all that portion of section 34, township 21 north, range 3 east, not already included within the reservation."

§ 5. **Individual Allotment of Lands.**—The president may hereafter, when in his opinion the interests of the Territory shall require, and the welfare of the said Indians be promoted by it, remove them from said reservation or reservations to such other suitable place or places within said Territory as he may deem fit, on remunerating them for their improvements and the expenses of their removal, or may consolidate them with other friendly tribes or bands, in which latter case the annuities payable to the consolidated tribes respectively shall also be consolidated; and he may further, at his discretion, cause the whole or any portion of the lands to be reserved, or of such other land as may be selected in lieu thereof, to be surveyed into lots, and assign the same to such individuals or families as are willing to avail themselves of the privilege, and will locate on the same as a permanent home, on the same terms and subject to the same regulations as are provided in the sixth article of the treaty with the Omahas,² so far as the same may be applicable. (c) If a husband seized of an estate of inheritance in lands, exchanges them for other lands, his widow shall not have dower of both, but shall make her election to be endowed of the lands given, or of those taken in exchange; and if such election be not evinced by the commencement of proceedings to recover her dower of the lands given in exchange within one year after the death of her husband, she shall be deemed to have elected to take her dower of the lands received in exchange. (d) When a person seized of an estate of inheritance in lands, shall have executed a mortgage, or other conveyance in the nature of mortgage of such estate before marriage, his widow shall nevertheless be entitled to dower out of the lands mortgaged or so conveyed, as against every person, except the mortgagee or grantee in such conveyance and those claiming under him. (e) Where a husband shall purchase lands during coverture, and shall at the same time execute a mortgage, or other conveyance in the nature of mortgage, of his estate in such lands to secure the payment of the purchase money, his widow shall not be entitled to dower out of such lands, as against the mortgagee or grantee in such conveyance or those claiming under him, although she shall not have united in such mortgage; but she shall be entitled to her dower in such lands as against all other persons. (f) Where in such case the mortgagee, or such grantee or those claiming under him, shall, after the death of the husband of such widow, cause the land mortgaged, or so conveyed, to be sold, either under a power of sale contained in the mortgage or such conveyance, or by virtue of the decree of a court, if any surplus shall remain after payment of the moneys due on such mortgage or such conveyance and the costs and charges of the sale, such widow shall nevertheless be entitled to the interest or income of the one-third part of such surplus for her life as her dower. (g) A widow shall not be endowed of lands conveyed to her husband by way of mortgage, unless he acquire an absolute estate therein during the marriage period. ¹ This table does not include any of the laws of Oregon, nor of congress.

² It is intended that this table should show only *material* differences. It is exceedingly difficult to trace many of the original laws; some cannot be found at all, and others are so imperfectly drawn as to render a strictly accurate and certain comparison practically impossible. A great many of the titles appear to be inaccurate, and the method of subdividing into chapters and sections, especially during the first regular session (1854) and tenth regular session (1862-63) and the Code 1881, appears to have been largely arbitrary, the original law having been strictly followed in only a few cases. Such differences as these together with ordinary typographical and grammatical errors, are treated as immaterial for the purposes of this table. In the case of the Code, 1881, see the act authorizing compilation, No. 340, *supra*.

- No. 153**, page 160 — § 8, line 6, "in" should read "from;" also, line 19, "hereafter" should read "hereinafter;" also, § 4, line 5, "over twenty-one years of age" should read "over the age of twenty-one years;" also, § 8, line 6, "made" does not appear; also, § 11, line 7, "of" should be "to."
- No. 154**, page 168 — § 4, line 5, "admission of the affidavit" should read "admission of the defendant."
